FOR IMMEDIATE RELEASE

Wayne-Dalton Awarded *Home Builder Executive's* 2012 Silver Innovation Award *Online Garage Door Design Center Tool Recognized for Homebuyer Convenience*

DALLAS (Sept. 27, 2012) – Already a world-class manufacturer of high-quality residential and commercial garage doors, Wayne-Dalton is now recognized as an innovation leader in the home building industry. *Home Builder Executive* magazine has awarded Wayne-Dalton its Silver Innovation Award in the Garage Door category as part of its annual 2012 Innovation Awards feature.

Wayne-Dalton won the award for its Garage Door Design Center, an online visualization tool that enables homebuyers to test the latest garage door styles, colors and accessories before they make a purchase. Using the free web-based tool, found on www.wayne-dalton.com, homebuilders can either upload a photo of their customer's new house or use stock photo imagery to help them show homebuyers how various Wayne-Dalton garage doors will look on the finished home, all from the convenience of an office or home computer.

"We built the Wayne-Dalton Garage Door Design Center to not only be a helpful sales tool for our homebuilder partners and dealers, but also as a convenience feature for homebuyers," said Kevin Jones, Brand Marketing Director. "We are honored that *Home Builder Executive* has recognized it as one of the industry's most innovative products."

The Wayne-Dalton Garage Door Design Center features all of Wayne-Dalton's residential garage doors in standard garage door configurations, as well as the various panel designs, paint colors, window and decorative hardware options that are available for each.

For more information about Wayne-Dalton garage doors, or to use the online Garage Door Design Center, visit www.Wayne-Dalton.com.

About Wayne-Dalton

Wayne-Dalton, a division of Overhead Door Corporation, is a world-class leader that has designed and manufactured residential and commercial garage doors for over 50 years. For dealers, the company is known as a proactive business partner that prides itself on providing a wide variety of easy-to-install innovative products and smart sales tools that help them grow their business. At the same time, Wayne-Dalton simplifies the purchase process by providing a full range of door options and styles through conveniently located dealers. Nine manufacturing facilities, over 70 Sales Centers, and over 2,000 independent dealers, both domestic and international, ensure unmatched distribution. Wayne-Dalton continues to expand its offering into other building material categories, and offers a complete line of Fabric Shield Storm Protection Products.
