FOR IMMEDIATE RELEASE

WAYNE DALTON INTRODUCES INNOVATIVE SECURITY SHUTTER

Model 523 Provides Security in a Compact Design

LEWISVILLE, Texas (October 19, 2015) – Wayne Dalton recently launched the attractive, state-of-the-art Model 523 Security Shutter, ideal for areas with high pedestrian traffic. One of the brand's most compact commercial designs yet, Model 523 allows for visibility while maintaining the security that retailer's desire.

The compact design of Model 523 makes it a perfect fit for almost any facility, including those with low headroom or tight sideroom requirements. Beyond its innovative trim design, the security shutter comes in four standard powder coat colors, 197 RAL powder coat colors and six wood grain finishes, providing a wide range of choices that add aesthetic appeal. This door comes preassembled, allowing easy installation for hospitals, offices, schools and other retail buildings.

"We're thrilled to offer builders and retailers a product that easily meets their needs and helps their business," said Jennifer Malcuit, commercial rolling door product manager for Wayne Dalton. "Perforation and fenestration options on this model were made with retailers in mind to protect from unwanted entry while maintaining merchandise and branding visibility."

The Model 523 Security Shutter comes with multiple lock and operations options, providing security and safety to compliment individual needs. In addition, the tightly wrapped aluminum design comes with a compact bottom bar featuring slide locks and a vinyl seal for durability and additional security.
