

7100 Models Specification Sheet

Models 7101, 7102, 7103, 7104 and 7105

BETTER BY DESIGN

- Doors feature the classic swing-open appearance of carriage house doors with the practicality of upward door design.
- Interior of the door is faced with 1/4" mahogany plywood.
- Framing materials of kiln dried hemlock rails and stiles with rounded edges.
- V-groove shadow line preserves classic swinging door look.
- 1-3/8" thick stiles and rail frame assembled with mortis and tenon joining.
- Shiplap connections between sections create a weather tight fit and assist in smooth operation.
- 7101, 7102, & 7104 are constructed of 1/4" smooth mahogany plywood inserts with an optional pinstripe available.
- 7103 is constructed of grooved MDO plywood panel inserts.
- 7105 is constructed of 3/8" edge glued hemlock raised or flat exterior panels with an optional upgrade to cedar frame and edge panels.
- Glass options of clear, antique art, bronze tint or gray tint finishes to further enhance the doors curb side appeal.
- Each window has true divided panes with authentic, one inch wood dividers (muntins).

BEAUTY

- Doors can be primed for paint on all surfaces including edges. Model 7105 is available unfinished for staining.
- Windows are available in either traditional square top or arched round top. See brochure or web site for visual details.
- Glass options of clear, antique art, bronze tint or gray tint finishes to further enhance the doors curb side appeal. Shatter-resistant Plexiglas is also available.
- Optional solid rail with no fingerjoints available.

Models 7101, 7102, 7103, 7104 and 7105 Specification Sheet

SAFETY AND SECURITY

- Heavy duty hardware, track and springs help ensure years of reliable operation.

THERMAL EFFICIENCY

- Shiplap connections between sections create a weather tight fit to keep incimate weather out.

ADDITIONAL FEATURES

- Make it a total Wayne-Dalton garage door system by purchasing a new *idrive*[™] torsion operator to go with your new door. Or purchase a traditional chain drive Quantum[®] opener. Only Wayne-Dalton manufactures and designs both the door and opener to work together as one complete system.

WARRANTY

- Model 7100 doors offer a one year guarantee against any defect in workmanship or material. See dealer for complete warranty details.
