

Classic™ 310 & 311

The traditional quality of wood adds a touch of elegance

Model 310 hemlock garage door

Model 311 cedar

Accent your home with the beauty and richness of a Classic wood door. Our tradition of incomparable craftsmanship, blended with modern technology, provides the finest wood doors available. Choose a beautiful, elegant Classic wood door for your home... there simply isn't a better wood door on the market.

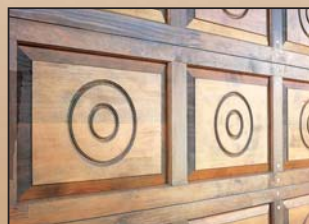

Classic™ 310 & 311

Raised panel styling – The luxurious look of nature's own materials.

Workmanship and Quality Beyond Comparison

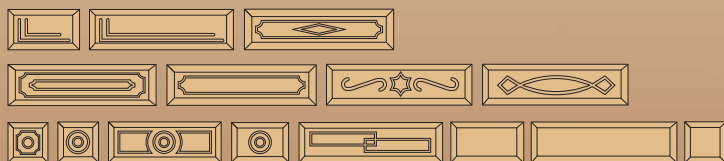

Classic doors are designed and hand-crafted to meet your highest expectations. We've combined precision construction methods with today's technology in creating an exceptional high quality wood door:

- 1 Each section is constructed of 1 3/8-inch thick solid wood rails and stiles. The Model 310 features hemlock or optional cedar panels; the Model 311 features clear (solid one piece) hemlock or optional cedar panels, stiles and rails.
- 2 Raised panels are 3/4-inch thick solid wood and locked into place. A variety of carved designs for raised panels are optional.
- 3 Mortise and tenon joints, waterproof glued and steel pinned, provide lasting strength.
- 4 Shiplap style connections between sections create a weathertight fit, and assist smooth operation along with rust-resistant, hot-dipped galvanized steel tracks and hardware.

Carved Raised Panel Designs (Optional)

Your door can have the same rich detailing of fine cabinetry with carved raised panels. Choose this hand carved look to personalize your home's exterior in the tradition of master craftsmen.

Note: Not all panel designs will fit on all panel sizes. Consult your distributor for availability.

Elegant, Real-Wood Frame Windows (Optional)

Magnify the beauty of your wood door with wood framed windows in three finely scaled designs.

Model 310 Wood Panel Garage Door

Classic wood garage doors provide a touch of the woodworker's art to your home. The raised panels are a nominal 3/4-inch thick and locked into the structure... not just added as ornamentation. Panels can be carved in a variety of distinctive designs, allowing personal expression to mingle with eye-catching beauty. Available in your choice of hemlock or cedar, doors arrive sanded and ready to prime and paint or to stain. Classic wood garage doors...crafted in the tradition of fine woodworking.
