## Flush Wood Doors – So popular because they're so versatile.

### Crafted in first class tradition

Wood flush doors offer several distinctive exteriors to personalize your home. Shiplap construction minimizes air infiltration for all doors, and some have built-in insulation. All kiln-dried hemlock, sitka spruce or equal frame structures are hand assembled. External panels are pressure-bonded to framework with high-strength, waterproof adhesive.

### Dimensions All dimensions are nominal.

Model	Exterior	Interior	Insulation	Frame	Total Thickness	Printing
