Doors with the WindSafe® logo comply with requirements of one or more approval agencies, including: the Florida Building Code, Texas Department of Insurance and Miami-Dade County (FL).

Doors with the Impact logo have been approved for impact resistance. Tests show these doors are able to stop the direct impact of a 9 lb. 2x4 board at 50 feet per second.

Wayne Dalton uses a calculated door section R-value for our insulated doors.
The right garage door has a great impact on the curb appeal of your home. Wayne Dalton offers a wide selection of designs, colors, materials, windows and accessories that best compliment your home.

Transform your home with unlimited possibilities. Use this product catalog to see an overview of our residential product offering. It is divided by categories that define the construction and materials of the door with each category walking you through the 3-step designing process.

1. Choose Your Style
2. Choose Your Color
3. Choose Your Windows
Real wood doors are naturally beautiful. Wayne Dalton wood doors possess a level of craftsmanship and class unmatched by any other. See your options below to custom build the door of your dreams.

**Premium Construction**
Models 7400-7412
- Paint or stain grade, insulation standard.
- 2” four-layer construction*
- Polystyrene insulation provides an R-value of up to 4.75.

**Standard Construction**
Models 7100-7105
- Paint or stain grade, insulation optional.
- Up to 1-5/8” thick rail and stile construction with panel inserts.

*Thickness may vary slightly depending on wood type.

1. **Choose Your Style**

Overlay trim options:
- Hemlock
- Mahogany
- Western Red Cedar
- Knotty Cedar
- Medium Density Fiberboard (MDF)

Contact your Wayne Dalton Dealer to see samples of wood options. See full brochure for all wood options.

The following depicts most window options for single car doors. Double door windows are available. Not all window options are available for all models. Consult your local dealer for additional window options that may be available.
Custom Wood Doors

Our craftsmen hand-build beautiful wood doors to your specifications with thorough attention to every detail. With Wayne Dalton, you have the freedom to create your own custom wood door. If you can dream it, we can build it.
Artfully molded wood grain fiberglass surface combined with durable steel construction gives you the look and warmth of wood with the strength of steel and less maintenance.

- Pinch-resistant panels
- TorqueMaster® Plus
- R-value = 10

*For doors over 9’ wide, a vertical seam is added to support the door’s material.

Stain colors shown on oak wood grain pattern. Actual door colors may vary slightly from brochure photos due to fluctuations in staining or the printing process.
Model 9800

Choose Your Windows

For Horizontal Raised and Horizontal V-Groove panels

For Horizontal V-Groove panels (shown on 8’ wide doors)

Arched windows are also available. See website for details.

For Vertical Raised panels

For Sonoma panels

Plain Lite

6 Lite

8 Lite

12 Lite

16 Lite

20 Lite

All window options shown are for a typical single car door. The number of windows can be doubled for double car doors.
Original carriage houses are rare in this era, but the old world charm with the look of swinging stable doors has endured. We offer several options of carriage house doors utilizing large windows, multiple colors and stains as well as different panel designs to accessorize your home with style.

- 3-section styling creates large window
- Pinch-resistant panels
- TorqueMaster® Plus
- R-value = 10

7’ high doors are shown (3 sections). Also available in 8’ high (4 sections). Arched-top models are available in solid panels (no windows). See website for details.
Model 9700

2 Choose Your Color

Painted Finishes
White is standard. All other paints and stains are an optional upgrade.

White  Gray  Clay  Green

Stained Finishes

Mahogany  Walnut  Natural Oak  Green
Gray  Clay  Honduran Mahogany  Red Oak

Two-Toned Painted Finishes

Green/White  Gray/White  Clay/White

Wayne Dalton’s custom painting process offers more than 6,000 colors. See dealer for details.

Actual colors may vary from brochure due to fluctuations in the printing process. Always request a color sample from your Dealer for accurate color matching.

3 Choose Your Windows

Plain Window Square (S)  6 Window Square (S)  8 Window Square (S)
12 Window Square (S)  16 Window Square (S)
Plain Window Arched (S)  6 Window Arched (S)  8 Window Arched (S)
12 Window Arched (S)  16 Window Arched (S)

S = Single car door

Double car windows are named by the number of window panes in each door. Example: 8 Window Square for a single car door becomes 16 Window Square for a double car door, 12 Lite Square for a single car door becomes 24 Lite Square for a double car door. For arched windows on double car doors, you have the option of selecting a single or double arch.
Wayne Dalton offers several options of carriage house doors utilizing large windows, multiple colors as well as different panel designs.

- Smooth or wood grain Decatrim™ II overlays
- R-value = 12

All door top sections are available in arch or square design. Most double-car designs appear as 2 single-car doors side by side. Arched-top models are available in solid panels (no windows).

**DecaTrim™ II Overlay Texture Options**

- Smooth
- Wood Grain

**Choose Your Color**

- White/White
- Almond/White
- Taupe/White
- Brown/White
- Black/White

Actual colors may vary from brochure due to fluctuations in the printing process. Always request a color sample from your Dealer for accurate color matching.
Model 6600

Choose Your Windows

Window patterns are shown for a typical single-car door. Spacing of windows may change depending on door size. Not all windows are available in all door sizes.

Engineered to be maintenance-free and provide an elegant look that will last a lifetime. These doors won’t rust, fade, crack or dent and are great for coastal areas with lots of moisture and wind wear.

- Model 8700 comes in two panel designs that offer the timeless design of freshly painted hardwood

- This door has full PVC color construction. This means scratches will never show because the color goes all the way through the material

- The UV-Resin used in the door’s construction contains special polymers that protect the door sections from the sun’s harmful ultraviolet rays

- Polyurethane insulation is permanently bonded to the vinyl skin for an R-value of 11.75

- Twin 20-gauge steel C-channels run full length of each panel and are anchored to interior steel stiles for strength

Door panels are engineered with a pinch-resistant design to prevent finger injuries while the door is closing. Available on Models 9100, 9405, 9510, 9605, 9700 and 9800.

The TorqueMaster® Plus counterbalance contains springs safely inside a steel tube to prevent accidental release of tension that could cause injury. Subject to size limitations. Available on Models 8000, 8100, 9100, 9405, 9510, 9605 and 9700.

Models 9100 and 9605 feature horizontal integral struts at the top and bottom of door sections which adds rigidity and strength for long life and smooth operation.

SilentGlide™ rollers have nylon wheels and solid steel shafts to provide years of smooth, quiet, dependable service. Available on all Classic Steel models and Carriage House Steel Model 9700.

The bulb-shaped bottom seal remains flexible even in extreme cold to help keep the bad weather outside.

Features not available on all models. See dealer for details.

*Wayne Dalton uses a calculated door section R-value for our insulated doors.
HOW TO MEASURE FOR YOUR WAYNE DALTON GARAGE DOOR

A - Exact finished opening width
B - Exact finished opening height
C - Sideroom – distance from the edge of the door opening to any wall or obstruction
D - Headroom – distance from the top of the finished door opening to the ceiling or underside of joists
E - Room depth – distance from the finished door opening to the back point where hardware or the opener will extend

GARAGE DOOR OPENERS

Wayne Dalton and Genie are committed to offering products that provide safety, security and convenience to our customers. Genie products are backed by our commitment to excellence in innovative products and customer care.
