Model 9510 features tall section heights, large windows and a full-section embossment design for a dramatic look on a premium garage door.

**DOOR FEATURES**

- **Three Sections for 7’ High Doors**
  Provide large steel embossments for a dramatic appearance.

- **Foamed-in-Place Polyurethane Insulation**
  Provides thermal efficiency with an R-value of 12*.

- **TorqueMaster® Plus Counter Balance System**
  Contains springs safely inside a steel tube to prevent accidental release of tension that could cause injury and features anti-drop safety technology.

- **High Cycle Spring Option**
  Choose a 25,000 cycle spring for more than twice the life of a standard torsion spring.

- **Pinch-Resistant Door Panels**
  Helps prevent finger injuries while the door is closing.

- **Wind Load Options**
  Available with structural reinforcements for use in coastal or high wind region.

- **Limited Lifetime Warranty**

*Wayne Dalton uses a calculated door section R-value for our insulated doors.*
