Wayne Dalton Named #1 Quality Garage Door in 2017 BUILDER Magazine Brand Use Study

Builders, developers and general contractors recognize Wayne Dalton as the highest quality garage door provider nationwide

Lewisville, Texas, June 1, 2017 - Wayne Dalton, a leading manufacturer of residential and commercial garage doors, has been recognized by *BUILDER* Magazine's 2017 Brand Use Study as the #1 provider of quality garage doors. In its 20 years, the report has become one of the most anticipated industry resources for trends, brand and product information.

"Being trusted and recognized as a top brand by builders and contractors themselves validates our dedication to quality and innovation for the commercial and residential markets. We look forward to continuing to provide garage door solutions for their projects, as well as introducing more builders to the Wayne Dalton brand," said brand manager Sarah Schram.

The 2017 Brand Use Study was conducted in collaboration with The Farnsworth Group, a leading industry market research firm, and focuses on 51 categories of the home, from structure to finishes and everything in between. More than 900 qualified builders, developers and general contractors participated in the survey which examined factors such as decision-maker involvement in the final building product selection process and the importance of factors influencing brand selection.

"Our 2017 BUILDER Brand Use Study confirms that it is crucial for building product manufacturers to demonstrate advanced product features, performance and quality," said Paul Tourbaf, President of Hanley Wood's Residential Construction Group.

###
